## *The Mechanical Botanicals*

*The Mechanical Botanicals* are a Welsh-Canadian songwriting duo, consisting of *Lydia Hibbing* and *James Mannion*, based in the picturesque small town of Tumbler Ridge in beautiful British Columbia.

The pair has been performing as *The Mechanical Botanicals* since 2016. With tunes to get you on your feet and harmonies to drop you to your knees, *The Mechanical Botanicals* deliver their own take on roots/pop music.

Combining their individual influences and experiences the pair has a chameleon-like style, allowing them to delve into the blues when needed or cross the line into country! *The Mechanical Botanicals'* repertoire of well crafted originals and classic covers lend themselves well to the pairs' harmony filled soulful style.

Following the release of their debut e.p "Must Be You" in 2019, this duo ai set to release a second e.p entitled "The Road" and a third release featuring a full line up of musicians in 2020.
